PROTECT, RESTORE, CONNECT

That is what we do at West Creek Conservancy. Our mission is to enrich the lives of all people in Northeast Ohio by conserving natural habitats, restoring the ecological value of our region's lands and waters, and expanding opportunities to connect people from all cultures to experience nature and discover our great outdoors. Since 1997, West Creek Conservancy has been connecting people to parks and protecting our drinking water. With your help, we can continue to protect our natural resources today and for future generations.

CORPORATE CONSERVATION PARTNERSHIP PROGRAM

WE BELIEVE....

that clean streams and rivers, abundant natural areas, neighborhood green spaces, and beautiful walking and biking trails are an important part of healthy, vibrant, successful communities.

WE ARE DEDICATED....

to our mission of local conservation because Ohio is our home, and we want it to be as great a place to live as possible.

WE INVITE YOU....

to help West Creek make Ohio a greener place to live. West Creek collaborates with individuals, landowners, non-profits, community groups, municipalities, and businesses on many different conservation, clean water, land reuse, and trail projects.

WE HAVE MANY OPPORTUNITIES....

for volunteers, as well as opportunities to get outside, learn about, and enjoy our local environment. Whether you attend a meeting or outing, make a donation, protect your land, or volunteer, your participation makes a difference.

TOGETHER WITH OUR SUPPORTERS....

we have protected thousands of acres, restored miles of stream and amazing wetland complexes, reforested our cities, built inter-community trails, greenways, and public spaces, as well as engaged thousands of volunteers for a plethora of watershed stewardship activities.

WE'D LOVE TO GET YOU INVOLVED!

With our current partners, we've delivered on-site presentations about our work, hosted corporate volunteer events, tours, and hikes, as well as assisted with the installation of native vegetation, stormwater controls, and trees at various corporate locations.
